Lifelong learning

1 Individual long turn: Schools then and now

- Compare and contrast the two pictures.
- Discuss how schools have changed over the last century.
- Explain in which setting you can learn best.

2 Paired activity: Going abroad

Instead of taking up a university course immediately after their school-leaving exams many young people decide to take a break and go abroad. You are not sure whether such a move would make sense for you or not.

Discuss the following aspects:

- *country/region*
- *jobs*
- *money*
- *expectations*
- *(dis)advantages*

Decide what to do.
