

Unit 3 – Interaction

 Put the parts of this presentation into the correct order.

- | | |
|--------------------------|--|
| <input type="checkbox"/> | My presentation about basketball has three main parts. |
| <input type="checkbox"/> | My second part is about how the game is played.
Usually games are played in parts of 10 or 12 minutes. The time that is counted is the actual playing time. This means that the clock is stopped while the play is not active. That's why a game can take much longer than the game time.
The equipment in a basketball game is the ball and the court with baskets at each end. Five players from each team may be on the court at the same time.
The two teams must try to throw the ball into the other team's basket. They can shoot, throw, roll or "dribble" the ball – dribbling means bouncing the ball while running. There are many rules, but I don't want to talk about them in detail. |
| <input type="checkbox"/> | First, I want to talk about how this sport started.
In 1891 Dr James Naismith, a teacher in the USA, tried to find a game for his class to play inside on in winter. He wrote the first rules. The game quickly became popular at schools and universities in the USA and in Canada. In 1946, the Basketball Association of America was formed. |
| <input type="checkbox"/> | I am now at the end of my presentation about basketball. In my first part I talked about where and when the sport started, in the second part how it is played and the last part was about basketball stars.
I think this sport is great because it is a team sport, it is popular all over the world, you can play it all year and it is great fun.
Thank you for listening. I hope you liked my presentation. If you have any questions please ask me now. |
| <input type="checkbox"/> | Good morning!
Let me introduce myself, my name is Florian Mayer. I will talk to you about basketball. I like this sport because it is a team sport, it is popular all over the world and you can play it all year. |
| <input type="checkbox"/> | My last part is about the stars in this sport. Famous teams are the Boston Celtics, the Los Angeles Lakers and the Chicago Bulls. One of the most famous players is Michael Jordan. He had a great career. He won many gold medals with his teams. He played his last game in 2003. Now he is a businessman. |
