

Unit 21 Planning a trip

Task 11

Announcer: Listen to Anna's conversation with her boss about the business trip to New York.

Melanie: Hi Anna, thanks for all of your work on the trip so far. How's your presentation going?

Anna: It's going well. I'll have it synchronized with the music soon. Then I'll save it on a USB stick.

Melanie: Great. Don't forget to bring an extra copy ... or save it on the company Cloud in case something happens. And ... make sure you keep it with you in your carry-on luggage.

Anna: Don't worry, I won't forget it. Look, I've just picked up two of these USB sticks.

Melanie: That's a USB stick? It looks like a lipstick!

Anna: Actually, it is, too! Do you want one?

Melanie: Well, thanks. It's not every day you get something this practical that's fun as well!
