

Unit 7 Shopping

Task 03

Announcer: Valentin is in the store with his shopping list, he needs help from an assistant.

Valentin: Excuse me, do you work here?

Assistant: Yes, I do. Good morning. How can I help you?

Valentin: I'm looking for a shopping trolley, where can I find one?

Assistant: They're at the other end of this aisle. But I have one here that's free, if you like. Please take it.

Valentin: Thanks, that is very kind of you.

Assistant: No problem, can I do anything else for you?

Valentin: I need some tool accessories, like nails, screws and cutter blades.

Assistant: Sure, follow me. Cutter blades will be delivered in about an hour. Which and how many nails do you need?

Valentin: Okay. Let me have a look – four boxes of these nails and five packets of these screws. ... Thanks. For myself I still need a pair of goggles and gloves. Also, how much is a good soft head hammer?

Assistant: The safety equipment is around the corner. Please follow me. Here are the hammers, this one is on sale. It costs £38.

Valentin: Great, I'll take it. Finally I need some sheet metal.

Assistant: We have our own section at the back. Let me show you.

Valentin: I see, I'll need some time to choose. That's all then, for now.

Assistant: Take your time! You'll find the checkout right over there when you're ready. Do you have a loyalty card?

Valentin: Yes, my company has one. You've been most helpful.

Assistant: My pleasure, good bye. Have a nice day!
