

Unit 6 Look at my shop

Task 05

Announcer: Listen to Oliver's story.

Oliver: Hi, my name is Oliver. I started my apprenticeship at Gump's supermarket three months ago. I've always wanted to work in the retail industry. My earliest memory of a shop, is when my parents gave me a play shop for Christmas. I was so happy. That was my favourite toy. I was always playing shop with my sister. I was the sales assistant and she was the customer. I even made my own play money. Now I'm extremely happy that my early passion is going to become my profession.

Gump's is a global player, with its headquarters situated in Vienna. It has many thousand employees all over the world. I like the company logo and every time I see it on stores, I'm proud of being a part of this company.

There are some really nice colleagues and other apprentices at my workplace and we sometimes have a lot of fun. My supervisor is often quite strict, but I guess, that's normal in a busy shop.

My biggest dream is to work at one of the branches in another country one day. I'd love to work in a foreign country. Therefore, I'll have to improve my English skills. Let's see if my dream can come true.
