## Ideals and reality

### 1 Individual long turn: Enhancing reality

- Compare and contrast the two pictures.
- Describe the effects that photoshopped images can have on women.
- Discuss the extent to which you believe the media has a responsibility to publish more images of "real" women.

### 2 Paired activity: School rules

The headmaster of your school has decided to re-write the school rules. Because he wants the rules to be democratic, he has asked responsible pupils for their ideas.

Discuss the following topics:

- the use of mobile phones at school
- punishment for not doing homework
- food and drink in class
- punishment for not going to class
- dress code (School uniform? Jewellery? Provocative clothing?)

Decide which topics you would like to support. Agree on three.
