One world

1 Individual long turn: Charities and NGOs

- Compare and contrast the two pictures.
- Explain the meaning of the saying "Charity begins at home", and discuss the extent to which you agree with it.
- Name an NGO which is close to your heart, and describe the work they do.

2 Paired activity: Gap year options

You and a friend are thinking of doing a gap year after you leave school. You would both like to do voluntary work and have found several options.

Discuss the following projects:

- working on conservation projects in the Amazon
- teaching English in India
- caring for old people in Austria
- looking after orphans in Romania
- fruit picking in Australia

Decide which of the projects are the most attractive ones. Agree on three.
