

Unit 9 Feeling at home

Task 02

Announcer: Listen to Andrea, Manuel and Elif talking about their family traditions.

Andrea: I was born in Tyrol, but my family and I moved to Vienna when I was 12 years old. Vienna is so different. Most of all I miss the “Cattle Drives” in late summer, when cattle are brought down from the mountains to the valley. Their safe homecoming is celebrated with colourful festivals. I was always there with my parents.

Manuel: My mum is originally from Styria, but my dad comes from Malaysia. My brothers and I practice *Silat Pulut*, which is a martial art. Our dad instructs us in Malay.

Elif: Every summer I look forward to visiting my grandparents in sunny Antalya in Turkey. I love helping my grandmother make baklava! I also love making it in Austria when someone has a birthday – but I’ll never tell anyone my grandmother’s recipe!
