Science and technology

1 Individual long turn: Genetic engineering – Agriculture

- Compare and contrast the two pictures.
- Discuss advantages and disadvantages of genetic engineering.
- Explain what you think of this issue.

2 Paired activity: Organ donation

After having read a series of articles on organ donation you want to talk about this issue with a friend.

Discuss the following aspects:

- *points to consider before*
- *health risks*
- *benefits*
- *legal issues*
- *moral issues*

Decide on whether donating your organs would be right for you or not.
